

CAPTAIN Site Team Commitment and Responsibilities

The site team should minimally consist of a **General Education Teacher, Resource or Special Educator, Psychologist, and Speech-Language Pathologist**. Other optional members may include Paraprofessional, OT, APE, AT, etc.

This should be a **strong team** of specialists, which work well together, are leaders, strong communicators, and are organized. Our focus for this year is to support students with Autism in the General Education setting, and to support their team. They will be expected to “pay it forward” to other teams within the District in future years and support future cohorts in implementing Evidence Based Practices. We **strongly discourage** recommendation of participation in the CAPTAIN program for any teams that are requiring substantial support.

This site team will be expected to meet in the afternoon the **THIRD THURSDAY (*unless otherwise noted)** of each month with the District Lead and the SELPA CAPTAIN Cadre to collaborate, troubleshoot, and learn. The District Lead and SELPA Cadre will visit classrooms to observe and take data on the Evidence Based Practices on the mornings of the specified meeting dates.

The site teams must be able to dedicate a minimum of **29 hours** throughout the year towards this project. Additional time may be needed to create items necessary to implement the selected EBP.

Date	Time Needed
August 18th, 2016 Cohort 3 Introduction at SELPA 1-3 PM	2 hours
Select one day in September, 2016 for Classroom Observation (TBD with your District Lead, may be September 15th)	2 hours
